1. Introduction

1.1 Under the Local Government Act 1993 the “Act”, Council’s are given extensive functions in respect to the operation of a wide range of community facilities.

Section 8 of the Act provides that Council has the following charter:

(a) to provide directly or on behalf of other levels of government, after due consultation, adequate, equitable and appropriate services and facilities for the community and to ensure that those services and facilities are managed efficiently and effectively

(b) to have regard to the long term and cumulative effects of its decisions

It is the latter of the points detailed above that outlines the broad functions of committees.

1.2 Section 355 of the Act provides that a function of a Council may be exercised by a committee of the Council.

1.3 These Guidelines detail the status of the committee, as well as the responsibilities committee members accept. These guidelines should provide a clear picture on the function, role and restrictions that are placed on your committee.

It is important to be mindful that whilst acting in their capacity as Council committee members, individuals are representing their community and the Council in the management of a community asset. Maintaining and improving public confidence in local government must remain of the highest priority.

1.5 If any committee members are unsure of any aspect of these guidelines, enquiries can be made to Council’s Community Development Officer 6499 2462.

2. Legal definition of the committee and its appointment

2.1 Council has created the Access Advisory Committee under Section 355 of the Act as a way of incorporating the community in the conduct of Council’s affairs.

Role

The Bega Valley Shire Council Access Advisory Committee is a formal committee of Council that operates to assist Council in the development of strategies to reduce barriers and increase access to Council premises and public buildings for the residents within Bega Valley Shire. The committee also looks to provide advice and recommendations on council policy and liaises with key stakeholders throughout the shire.

Access Advisory Committee advises and makes recommendations to Council on matters relating to access issues for people with disabilities as defined by the Disability Discrimination Act. The committee shall also provide advice and make recommendations to Council on matters relating to general accessibility of facilities within the Shire, not only in relation to people with a disability, but also for older people, parents with prams and other community members that will benefit from ease of access. The committee shall have a strategic focus, liaising with Council on a range of accessibility and inclusion issues within the Shire.

Council has a requirement under the Local Government Regulations 1998 and Federal and State Anti-Discrimination legislation, to include in its Management Plan, a summary of significant access and activities it proposes to undertake. In addition, it must include detailed access and statements that outline specific strategies and performance measures. The Access Advisory committee makes recommendations against a small budget including the identification and prioritisation of minor capital works that address access and mobility issues. The committee works closely with other council services in the planning and engineering sections to ensure the best possible outcomes for people with a disability and/or restricted mobility. Committee members will be reimbursed out of pocket expenses for any committee related activities.

Responsibilities

The committee is solely an advisory body and as such will consider, discuss and advise on specific access issues relating to Bega Valley Shire Council assets and services.

The committee will provide advice and input on:

- relevant Development Applications

Committee membership shall be ratified by resolution of Council.

The responsibility for the facilitation of the Committee meetings will sit with the Group Manager, Community and Leisure, who will ensure that minutes and agendas are prepared and actions arising from the meetings are distributed to the committee and relevant council staff.
