The Community Development team covers a range of areas including volunteering and halls. As part of the restructure Council has committed to four place based officers who will be working out of the four main towns (Bega, Bermagui, Merimbula and Eden) and servicing the smaller villages from those centres. These positions aim to help connect Council and the community and they will work with the committees, other local groups, businesses and schools. They will play a key role in working with cemeteries and hall committees. They will be on the ground in 4 weeks.

5  Standing Business

5.1  Risk Management and Workplace Health & Safety
Bermagui raised the issue of replacing timers on sprinklers for the Niche Wall and Memorial Garden. Ants are getting into the heads of the sprinklers. BVSC to look at ant control measures.

Eden raised the issue of rabbits and the damage they are causing in the cemetery. BVSC to look into baiting programs.

5.2  Policy and Procedure
Bermagui raised the issue of a number of new graves not being marked. This is something that the Funeral Directors used to do with a white cross. A number of them are no longer providing this service. Currently Council charge a permanent marker fee at the time of application so it may be possible to have these placed immediately after burial. Robert used to mark new graves with a small garden marker. BVSC to consider options.

6  New Business

6.1  Facility Management Plans Update
Council is continuing to work on these and will meet with committees again to gain further feedback on anticipated works required in the next 5 years.

6.2  Heritage Tourism
Cr Tapscott advised she has put a question on notice to Group Manager for Leisure and Communities, Anthony Basford, regarding developing tourism opportunities promoting the Shire’s cemeteries and history. This could include historical trails e.g. for the cruise ships that come into Eden.

6.3  Committee ABN's
The issue was raised that committees had previously sought and received ABN's. These should no longer be in use.

On investigation Wayne Dunning has found that a number of these are still registered and that the Australian Business Registry appears not been informed that these ABN's are now inactive.

BVSC to look into this and inform the ABR of any inactive ABN's.

7  Questions
Wyndham committee enquired when Robert Jennings may be available to put in the waterline as previously discussed. BVSC to contact Robert Jennings to get confirmation.

Has the mower at Bemboka Cemetery been repaired and returned to the cemetery? BVSC to check with workshop.
