<p><i>FOGO is an alternative to composting and worm farming. From October 29 people in the BV with a green bin service can put food organics into their green bin which will be collected on a weekly basis and turned into compost. This new FOGO service can accept anything that was once alive including fruit and vegetable scraps (raw and cooked), bones, hair, cat and dog poo, takeaway food (without the containers, of course), meat, seafood and dairy. We encourage residents to continue composting at home but put those items that cannot be composted at home in the FOGO bins. When food waste ends up in landfill it produces concentrated greenhouse gases which contribute to climate change. FOGO is great for the environment and reduces future rate increases by diverting food from landfill.</i></p>				
QUESTION 1	<p>Do you live in the Bega Valley or are you visiting? <i>Please circle answer</i></p> <ul style="list-style-type: none"> • resident • own a holiday home? If so go to Q 12 • on holiday? If on holiday, where are you staying? Then go to Q 12 			
QUESTION 2		Yes	No	Unsure
	<p>Have you seen or heard about FOGO coming to the Bega Valley?</p>			
	<p>If yes, where did you hear about it? <i>Please circle answer</i></p> <ul style="list-style-type: none"> • Newspaper ad • Newspaper story • Radio • Council website • Waste app • Facebook Posts • Leaflet • Library • Council Office • Word of Mouth • Other •
