Report by Responsible Accounting Officer

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulations 2005:

It is my opinion that the Quarterly Budget Review Statement for Bega Valley Shire Council for the quarter ended 31/12/17 indicates that Council's projected financial position at 30/06/18 will be satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

Signed:

Date:

12/02/2018

Graham Stubbs Chief Financial Officer

Note	Sub-Note	Details
10		Children, Families and Ageing
		Fee income levels for Eden Childcare Centre and Bandara Children's Services have been lower than expected this financial year due to declines in childcare utilisation levels. Due to the fact that utilisation and fee income always drops further in Q3 and Q4 (the start of the new calendar year), both cost centres are likely to require a draw down from Children's Services reserves of approximately \$50,000 each by end of financial year.
		The funding agreement for the Indigenous Advancement Strategy program initially concluded in December 2017, but has now been extended for a further 12 months. By end of financial year, income and expenditure in the Indigenous Advancement Strategy cost centre will be approximately \$100,000 greater than what was initially budgeted. Budget changes will be made in March Quarter.
		The Children, Families and Ageing Administration cost centre is significantly under budget in both income and expenditure due to a decision to cost administration expenses to related grant-funded programs directly. Until end of financial year the Children, Families and Ageing Administration cost centre will be minimally utilised and the other 11 cost centres associated with the Children, Families and Ageing section will see corresponding minor increases in both income and expenditure.
		Income and expenditure under the National Disability Insurance Scheme (NDIS) cost centre are significantly higher than expected due to the delivery of Plan Financial Management services, which involve financial brokerage of client plans. In 17/18, more staff resources have been devoted to NDIS services than initially budgeted in order to meet the compliance requirements of this pilot program. As a result, a draw down from reserves of up to \$50,000 may be required by end of financial year.
		Budget adjustment relates to NDIS income as per the actual income and expense incurred.
11		Community, Culture and Information
		Community, Culture and Information is above budget. This is mainly due to Civic Centre operating costs being greater than anticipated. Overall branch is expected to be within budget by the end of the year.
12		Community, Relations & Leisure Coordination
		Community, Relations & Leisure Coordination is tracking within budget.

Budget Variations being recommended include the following material items:

Note Sub-Note Details

13 Leisure and Recreation

Swimming Pools: Budget is tracking within budget. Noted some variation from budgeted amounts for salaries (over) and contractors (under) largely due to BVSC now operating Candelo Pool. Also some salaries increase accountable to increased services and programs delivered. Variations will be managed within the cost centre.

Sportsgrounds: Operations is tracking over budget. Largely accountable to water expenses (\$13k over), power expenses (\$12k over), drainage maintenance / repair at Pambula Sporting complex (\$23k) and sportsground mowing (\$60k). Some of this is related to increased surrounds mowing undertaken by BVSC as volunteering capability has dropped off (Berrambool in particular). We are looking into the mowing more closely.

We will continue to monitor, further control spending and, if need be, transfer funding from another cost centre within the Leisure and Recreation section at the third quarter budget review.

Noted plant hire costs are well over budget allocations due to the budget being placed under contractors.

Parks: Overall tracking on budget. It is noted that capital expenditure is tracking well under. Two projects (at Short Point and Bruce Steer pool amenities) were put on hold by Council resolution to review planning for those sites.

We now have staff in the Projects officer position and I expect capital projects to progress. We will continue to monitor and, if need be, look to identify capital projects for carry forwards at the $\frac{3}{4}$ review.

Noted some operational contingencies may be required to offset over spends within the sportsgrounds area to be assessed and defined at the ³/₄ review.

Leisure & Recreation Coordination: Overall is tracking within budget.

14 Organisation Development & Governance

Building and Health Services is tracking within the budget. The year to date expenditure is slightly above the budget due to insurance premium paid at the beginning of the year. The expenditure is anticipated to be in line with the budget by the end of the year.

Building and Health Services

15

Building and Health Services is tracking within budget. No budget adjustments have been made but there will be some impacts from both internal and external sources later in the year as follows:

Enforcement Regulations legal and contractor costs my increase. Legal and contractors costs are over budget, if Council wins its litigation the costs will be reimbursed. There are more prosecutions being undertaken and the budget does not reflect the increased level of legal action.

As an impact of outsourcing the call centre the Environmental Health Officer's are now required to have an on call roster (\$5K) which will be funded by Sewer Fund as the principal reason they are required to be on call.

The Building Professional Board has foreshadowed additional regulatory reporting requirements that are separate and distinct from the existing Department of Planning reporting. Council is unsure of the cost of the new regulatory regime, however, if costs are to increase then it is anticipated that an increase in fees to applicates will cover Council's expenses. However, it is likely Council will need to absorb these costs this financial year to understand what is the appropriate level of fees to charge for next financial year.

16 Environment Services

Environment Services is tracking within budget. Majority of the grant income is anticipated to be received by the end of the year. There are vacant positions in this service area and it is anticipated that some savings will be made.

Budget adjustment for the quarter relates to new grant received from NSW Dept. of Primary Industries.

12k

Note 17	Sub-Note Details Planning Services
	The Planning Services budgeted income is down about 12%, however that is offset by expenditure being down by the same amount. The legal budget of \$40k is already overspent by \$2k and Council has two active Court cases which will incur costs. Also, there may be further legal matters during the year.
18	Planning & Environment Coordination
	Planning & Environment Coordination year to date expenditure is below budget. However, it is anticipated that costs will be closer to budget once the contract termination payment is made to former Director.
19	Strategy and Business Services Coordination
	Strategy and Business Services Coordination expenditure is below budget. This is mainly due to the delay in Server Platform Refresh and Mapping System New Generations projects. Also, there are salary savings from a redundant position in Integrated Planning & Reporting service area.

25	Sewer Services
	Sewer Services is tracking within budget. Sewer annual charges is levied at the beginning of the year. Operating expenditure is in line with the budget.
26	Transport & Utility Group and Assets and Strategy Group
	The over expenditure is due to back pay of salaries for 2016/17. It is anticipated that Council wide salary savings by the year end will offset the back pay.
27	Transport Services
	Operating expenditure is in line with budget. Extension for completion of 2016 flood damage work is requested with Roads and Maritime (RMS) Service until next financial year. Upon receive of correspondence from RMS flood grant income and expenses budget will be adjusted accordingly, likely to occur in third quarter budget review.
28	Waste Services
	Waste Services is tracking within budget. Budget adjustment for the quarter relates to FOGO grant income and corresponding expenditure.
29	Water Supplies
	Water Supplies is tracking within budget.
30	Works
	Fleet Income and expenses are unfavourable. The over expenditure is mainly due to increase in fuel, insurance, maintenance and parts. Plant hire rates will be adjusted in the second half of the year to make the fleet services break even.
31	Council Wide
	Council wide is tracking within budget. Variation for the quarter relates to:
	Anticipated savings from salary by the year end. (200k)
	Savings of finance cost of \$120K due to deferral of Ioan in FY16/17 (120k)
32	Project Development Service
	The expenditure is project development cost centre relates to salaries and wages not being allocated to respective cost centres. Adjustments will be made to respective projects in third quarter to make the cost centre cost neutral.
33	Strategy and Asset Services

Key Performance Indicators (KPIs)

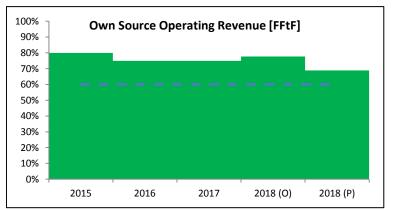

Source of Benchmark: Code of Accounting Practice and Financial Reporting #24

Commentary

The proposed budget shows a further decline in Council's operating performance. This is due to additional item of expenditure recognised in the budget relating to unspent grants and carry forward works.

Purpose

This ratio assesses the extent to which a Council is expanding its asset base with capital expenditure (on new assets, replacement & renewal of existing assets).

Commentary

Council has not been able to achieve the benchmark of 100%. The proposed budget continues on the same trend. Classification of expenditure item differently can have adverse effect on this ratio and we believe that is the case here. This is being addressed by staff.
