Brogo-Bermagui boil water notice extended

NSW Health and Bega Valley Shire Council have extended the precautionary boil water notice over the coming weekend due to the forecast of further rain in the Brogo River catchment area.

Turbidity levels in the catchment have today dropped to just below the threshold, however a boil water notice remains in place as a precautionary measure because of the potential for rain to increase turbidity levels above the threshold.

The water boil notice applies to the townships and villages of Quaama, Cobargo, Bermagui, Beauty Point, Fairhaven, Wallaga Lake, Wallaga Lake Heights, Wallaga Lake Koori Village, Akolele and also trunk main customers in these areas.

All water for consumption, food preparation, cleaning of teeth and ice making should be boiled before use as a precautionary measure. Water can then be allowed to cool and stored in a clean container with a lid and refrigerated.
